

## Scouts In Nation-Wide Round-Up To Answer Call

Answering the call of Chief Scout Executive Elbert K. Fretwell for a nation-wide Round-up of all Cub Scouts, Boy Scouts and Senior Scouts of this district are preparing for "full peace time service to country and to youth." According to Alfred E. Hopkins, chairman of the organization, and extension committee of the Los Angeles Area Council 1800 new members have been enrolled since the opening of the Round-up program. "These additional enrollments bring the active membership of the Los Angeles Area Council to a record of 80,000," Hopkins said.

The Round-up which is now in effect in every Cub pack, Scout troop, Explorer post, Sea Scout ship, and Air Scout squadron of this district is making it possible for all boys, regardless of nationality background or creed to affiliate in one of the programs of the Boy Scouts of America. The Round-up program is expected to cause additional Cub packs, Scout troops, and Senior units to be organized in this district. More than 80 new units are expected to be organized between now and the close of the special program, Hopkins pointed out.

## CHRISTMAS BUYING SEASON BRINGS THEFT WARNING

All citizens are urged to protect their personal property, particularly Christmas packages, during the coming season. Encouraged by the loot they stole last year, thieves will be scanning parked autos for packages carelessly left behind while the owner is either visiting or shopping.

## KITTY HAWK

Kitty Hawk National Monument, North Carolina, was the scene of the first sustained flight by a heavier-than-air machine.

## World War II Veterans

It is to your positive advantage to maintain your National Service Life Insurance and I will be glad to assist you in every way possible to do so.

Come in and see me anytime. In the meantime, keep up those payments on your National Service Life Insurance.

Without obligation, consult

## Toys Making Big Comeback, Stores In Torrance Show

American toy manufacturers are turning out a "bumper crop" of dolls, wagons, games and the innumerable other items that will be found around the Christmas tree on the 25th of December, according to appearances in Torrance and Lomita stores.

This year the quality of toys will be much higher than during the war. With rubber again in abundance it is being used for many purposes where other materials had been substituted. Best of all, the toy makers are keeping up with the imagination of children and are turning out planes and gadgets of the most modern type.

## Vets Informed On How To Pay Insurance

The five ways veterans may use their terminal leave bonds as payment on government life insurance were explained today by L. C. Chapman, manager of Los Angeles Veterans Administration regional office.

Although VA does not issue terminal leave bonds, Chapman said, the act authorizes the VA to accept the bonds in connection with government insurance.

The Bonds may be used as follows:  
1. To pay premiums now on insurance now in force.  
2. To purchase new insurance.  
3. To reinstate lapsed insurance.  
4. To pay the amount required when converting to permanent insurance policies.  
5. To repay policy loans made prior to July 31, 1946.

When terminal leave bonds are used for insurance premium payments, Chapman said, any balance above the amount necessary to make the desired payment to the veteran's account will be used for the purpose of future premium payments. Assignment of bonds will not increase a policy's cash value until the bonds have matured. Assignment of bonds for insurance purposes may be made at any VA office. Necessary assignment forms have been received by the Los Angeles regional offices, Chapman explained.

## Dr. C. F. West Appointed To New Medical Post

The newly-created post of medical director of the County Department of Charities was filled with the appointment of Dr. Howard F. West, now chairman of the medical advisory board of the County General hospital.

Dr. West's duties will include preparation and maintenance of medical policy of the various medical centers operated by the county charities department. His salary will be \$12,000 a year. The position was proposed by Arthur J. Will, county superintendent of charities, and ordered into the county system by the Board of Supervisors.

## Red Cross Names Fund Campaign Chief For 1947

William M. Jeffers, retired president of Union Pacific Railroad, will serve Los Angeles Red Cross as volunteer chairman of the 1947 fund-raising campaign. Announcement of Jeffers' acceptance of this important post was made this week by William T. Sesson Jr., chapter chairman.

A member of the Red Cross board of directors, Jeffers, long active in civic affairs in Los Angeles, succeeds David T. Bab-

cock as fund campaign leader. "Red Cross today is carrying on its biggest peacetime program of services in history—to Veterans' Administration hospitalized patients, to servicemen, discharged and their families and to the community," Jeffers declared as he disclosed plans to immediately select his chief campaign aides. "Locally, Red Cross' continuing activities are clearly reflected in the current drive for hundreds of volunteers

needed to adequately meet requests for supplemental services. I am sincere in the belief that residents of Los Angeles and vicinity will again meet the Red Cross fund requirements." The 1947 Red Cross fund campaign will be conducted during March—nationally recognized as Red Cross month, it was announced. Since retiring as president of Union Pacific, Jeffers' has been serving as vice chairman of the

He has been a resident of Los Angeles since 1945. During the war years, Jeffers served as rubber administrator, charged with the responsibility of "keeping America rolling," and was chiefly instrumental in swinging into operation the vast synthetic rubber program.

## NOTICE!

Butchers Union Local No. 551 Presents the Following:  
**There Are Benefits for All in a 5-Day Work Week for the MEAT-CUTTER!**

- For the Housewife:**
- 1.—Economy in Buying . . . when the housewife buys for an extra day, she can plan better.
  - 2.—A greater selection on Tuesday . . . carefully displayed meat from an increased stock.
  - 3.—Fresh, carefully cut meat.
  - 4.—Improved market sanitation . . . an opportunity to disinfect, clean ice boxes and cases.
  - 5.—Better service from rested personnel.
- For the Market Operator and Owner:**
- 1.—Greater sales at less cost per individual customer.
  - 2.—Opportunity to arrange stock and plan for the week's sales.
  - 3.—A great saving on shrinkage and therefore greater profit.
  - 4.—Reduced overtime costs.
  - 5.—Improved employee morale.

**For the Man in the White Apron Himself:**  
There is the opportunity to do those small errands, to discharge those duties which every father and husband and working-man must have.

He can go to school and talk to Johnny's or Susie's teacher. He will have a chance to shop with his wife for his home and his family . . . and to take care of business affairs. He can buy himself a pair of shoes . . . or get a hair-cut . . . or go to his doctor for a check-up. These are all important and essential for every American.

You Want Him to Have This Freedom! These Opportunities! These are the benefits for the man who says, "WHAT CAN I DO FOR YOU TODAY?"
